Lanikai Farm is a serene & peaceful property located about halfway down Aalapapa Drive. Two homes surrounded by lush tropical gardens with avocados, passion fruits, papaya, an array of flowers and different varieties of bamboo! The upper home was built in the 1978 with expansive, public areas and has panoramic views of the Mokulua Islands and the ever-changing blue Pacific. The bedroom on the lower level of the main home is an excellent source of additional income! The homes has stunning teak floors, combed cedar ceilings, lots of built-ins, & multiple hand crafted doors throughout the main house.

The super charming original 1940s reduced cottage is currently permitted as a recreation room.
